

Metropolitan Fire Chiefs Association  
Of Illinois

September 28, 2018

Dear Associate Member:

The holiday season is rapidly approaching, and preparation of the Annual Metropolitan Fire Chief's Installation Luncheon is well underway. This year our gathering is set for Thursday, December 6, 2018 and we anticipate nothing short of maximum attendance!

Monetary donations are sought to help defray the cost of this exceptionally popular event.

This social assembly is a record success and a direct reflection of your generosity. It is through your kind support that we are able to continue this great tradition.

We encourage your charitable assistance again this year. In return, each table will proudly display your business or organization's name on our contributor list throughout the entire luncheon. Please forward your donation to:
